## Introductory Notes

This publication presents the latest available statistics at the time of preparation for statistical local areas (SLAs), which in non-urban areas generally correspond to legal local government areas (LGAs) and in major urban areas generally correspond to suburbs.

SLAs are the smallest type of spatial unit of the Australian Standard Geographical Classification (ASGC) shown in this publication. Where applicable they have been aggregated to LGAs, which have in turn been aggregated to statistical divisions.

This cross-classification of the LGA structure with the statistical division level of the main structure of ASGC has required the combination of Brisbane and Moreton Statistical Divisions for some of the statistics shown as some LGAs cross the contiguous boundary of these two statistical divisions.

Maps showing statistical divisions, statistical subdivisions and statistical local areas are shown on pages 84 to 86.

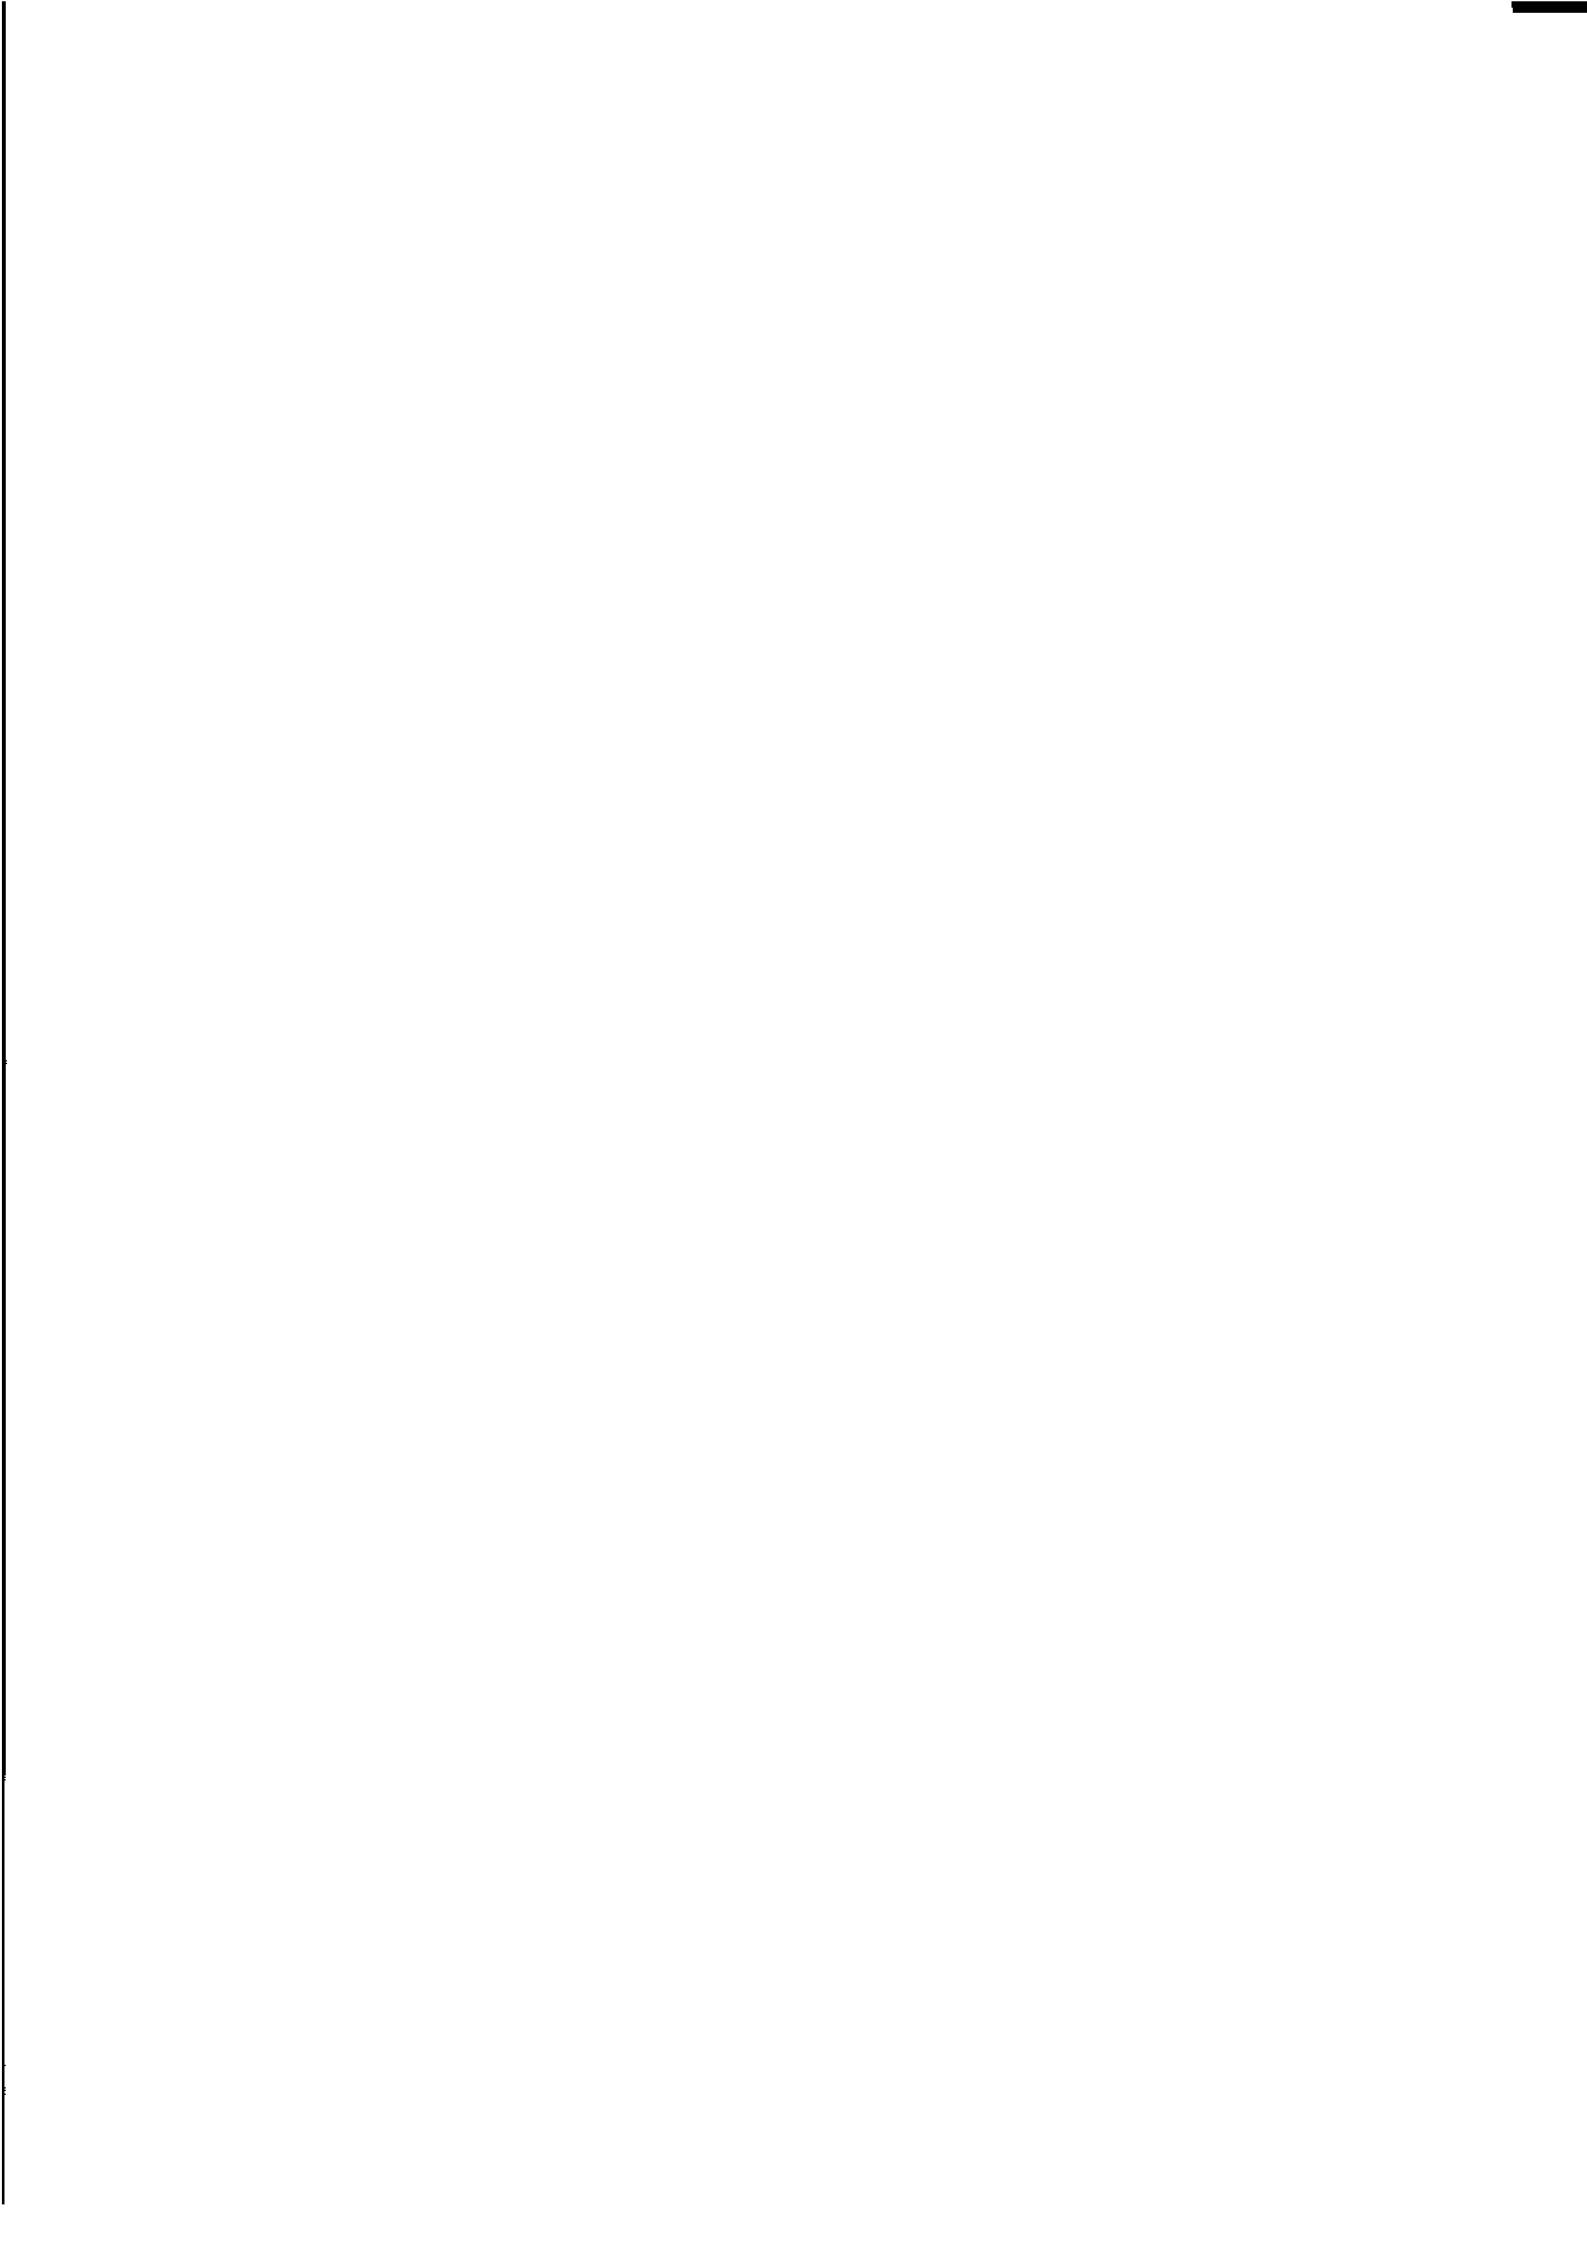

Explanatory Notes are located at the back of this publication.

## STATISTICAL DIVISIONS IN QUEENSLAND

For the purpose of presenting the principal series of official statistics for the State, Queensland is divided into a number of geographical areas. These areas consist, for the most part, of aggregations of local government areas.

The primary division of the State is into 11 Statistical Divisions. These are intended to represent as far as possible 'regions' of the State which are characterised by discernible social and/or economic links between the inhabitants and economic units within them, under the unifying influence of one or more major cities or towns. The boundaries of the divisions have accordingly been delineated on the basic criterion that the degree of economic and/or social content and interaction within each division should be maximised. It should be emphasised that the boundaries of the divisions cannot be regarded as sharp lines of demarcation — they may, of necessity, be positioned within peripheral zones in which the influence of two or more 'focal' cities or towns overlap in varying degrees.

## BRISBANE AND MORETON STATISTICAL DIVISIONS

Brisbane Statistical Division surrounds Moreton Bay and extends from Caboolture in the north to Ipswich in the west and Ormeau in the south. It includes Bishop, Fisherman, Green, Moreton, Mud and St Helena Islands. Moreton Statistical Division surrounds the Brisbane Statistical Division and takes in the Gold Coast and Sunshine Coast. The Brisbane and Moreton Statistical Divisions only account for 1.3 per cent of Queensland's total area, however, they were home to 62.7 per cent of the estimated resident population as at 30 June 1993.

Brisbane is the financial and administrative centre for Queensland. Brisbane also includes large retail and wholesale trade industries, hospitality and manufacturing industries.

The Gold Coast region, in the Moreton Statistical Division, is based on the hospitality and retail trade industries and has significant property and business services industries. The Sunshine Coast region also has a significant hospitality industry.

**WIDE BAY–BURNETT STATISTICAL DIVISION**

The Wide Bay–Burnett Statistical Division covers 52,392 square kilometres, 3 per cent of the total area of Queensland. The Division had an estimated resident population of 209,268 persons at 30 June 1993 which represented 6.7 per cent of the total Queensland population. While Wide Bay–Burnett Statistical Division is centred on Bundaberg, 368 kilometres north of Brisbane, it also includes the population centres of Hervey Bay, Gympie, Maryborough and Kingaroy.

Key industries in the region include agriculture, forestry, fishing and retail trade. There is a diversity of agricultural activities in the area, however, sugar-cane is the major crop in the region. Peanut farming and navy bean production are also significant crops in the area while both dairy cattle and meat cattle are important activities. Tourism, particularly in Hervey Bay and on Fraser Island, is also a significant activity.

## DARLING DOWNS STATISTICAL DIVISION

The Darling Downs Statistical Division is to the west of Moreton Statistical Division, north of the NSW border. This Division covers 90,245 square kilometres of Queensland, representing 5.2 per cent of the State. The Statistical Division had an estimated resident population of 201,103 persons at 30 June 1993 or 6.4 per cent of the total State population.

The Condamine River and its tributaries flow through this rich pastoral and agricultural region which is bounded in the north-east by the Great Dividing Range.

Toowoomba City, approximately 138 kilometres west of Brisbane is on the eastern fringe of the Darling Downs Statistical Division and is the hub of commercial and industrial activity and the regional centre for higher education.

Key industries for the region are agriculture and retail trade. Other population centres in this Statistical Division are Warwick, Pittsworth, Dalby and Chinchilla.

**SOUTH-WEST STATISTICAL DIVISION**

The South-West Statistical Division covers 322,936 square kilometres, 18.6 per cent of Queensland's total area. This Division had an estimated resident population at 30 June 1993 of 29,169 persons or just under 1 per cent of the State's total population. The Statistical Division is situated on the South Australian and New South Wales border with the western part being desert receiving less than 150 millimetres of rain per annum. The main population centres are Cunnamulla, Charleville, St George and Roma.

Key activities in the region include sheep and cattle grazing as well as cotton and grain growing. Opal mining is also an important activity in the west of the Division.

**FITZROY STATISTICAL DIVISION**

The Fitzroy Statistical Division covers 123,654 square kilometres (7.1 per cent of Queensland's total area). The Division had an estimated resident population of 175,802 persons at 30 June 1993, representing 5.6 per cent of the Queensland population. The region is bordered to the east by the Great Barrier Reef and offshore islands and to the west by the Carnarvon Ranges.

Rockhampton is the main city in this Division and lies on the Tropic of Capricorn and the Fitzroy River. Gladstone is also within the Division and is one of Queensland's major ports handling grain, coal and aluminium. Key industries include mining, manufacturing, tourism, retail trade and agriculture.

**CENTRAL-WEST STATISTICAL DIVISION**

The Central-West Statistical Division covers 371,064 square kilometres (21.4 per cent of Queensland's total area). The division is Queensland's least populated and had an estimated resident population of 13,236 persons at 30 June 1993, representing only 0.4 per cent of Queensland's population. The largest population centre in the area is Longreach, approximately 700 kilometres west of Rockhampton. The key industries for the region are sheep and cattle grazing and retail trade.

**MACKAY STATISTICAL DIVISION**

Mackay Statistical Division covers 69,011 square kilometres (4 per cent of total Queensland). The Mackay Statistical Division had an estimated resident population of 114,423 persons at 30 June 1993, or 3.7 per cent of the Queensland population. The region is bordered to the east by the Great Barrier Reef and offshore islands and to the west by the Carnarvon Ranges. The main population centre of the area is Mackay.

The main economic bases of this division are sugar cane growing and processing, coal mining, cattle grazing and hospitality. The area includes Hay Point, the loading port for much of Queensland's coal exports.

**NORTHERN STATISTICAL DIVISION**

The Northern Statistical Division covers 101,306 square kilometres (5.8 per cent of total Queensland) and had an estimated resident population of 189,124 at 30 June 1993 (6.1 per cent of Queensland's total population). The Northern Statistical Division is bordered to the east by the Great Barrier Reef and to the west by the Great Dividing Range. The population of the Division is centred in Townsville, the hub of commercial and industrial activity in the Division. Townsville is also the regional centre of government administration and higher education.

Key industries in the region are retail trade, community services and recreational, personal and other services. Other population centres in the division are Bowen, Ayr, Ingham and Charters Towers.

**FAR NORTH STATISTICAL DIVISION**

The Far North Statistical Division covers 267,654 square kilometres, 15.4 per cent of Queensland's total area. The Division had an estimated resident population at 30 June 1993 of 190,453 persons which is 6.1 per cent of the State's population. The Division is bounded to the east by the Great Barrier Reef and to the west by the Gulf of Carpentaria and it extends to Thursday Island in the north.

Cairns is the largest population centre in the area and is also the focus for much of the hospitality industry activity in the area. Other population centres include Mareeba, Tully, Mossman, Cooktown and Weipa. The region has a wide variety of industries associated with it, dominated by the hospitality industry based in Cairns, and including mining and agriculture.

**NORTH-WEST STATISTICAL DIVISION**

The North-West Statistical Division covers 312,155 square kilometres, 18 per cent of total Queensland. The Division had an estimated resident population at 30 June 1993 of 38,010 persons which is 1.2 per cent of the State's population. The Division is bounded by the Northern Territory in the west and the Gulf of Carpentaria to the north. The major population centre is Mt Isa which is home to approximately 65 per cent of the Division's population.

The key industries in the region are mining and cattle farming.

## EXPLANATORY NOTES

### Definitions

*Legal local government areas (LGAs)* as defined under the *Local Government Act 1936*, are spatial units which represent the geographical areas of incorporated local government councils, such as cities (C), towns (T) and shires (S).

2. *Statistical divisions*, which are groupings of whole or partial LGAs, are designed to be relatively homogeneous regions characterised by identifiable social and economic units within the region.

3. *Statistical districts* have been defined around selected urban areas to provide comparable statistics over a period of time. These districts, which are intended to contain the anticipated urban spread for at least 20 years, are generally defined as having a population of 25,000 or more and experiencing urban growth beyond the LGA boundaries.

4. Data for some series shown in Tables 1 through 11 which are available for statistical districts are shown on pages 80 and 81.

5. *Statistical local areas* are the smallest types of spatial units in the Australian Standard Geographical Classification (ASGC) for which data are shown in this publication. In general, they correspond to LGAs in non-urban areas or suburbs in major urban areas.

6. The area in square kilometres of statistical areas is derived from digitised statistical boundaries.

7. Data in this publication relate to the period 1991 to 1993-94, over which time there have been three versions of ASGC used. Each data set is presented according to the ASGC version current at the time of collection.

ASGC 2.1 applies to Manufacturing and Retail.

ASGC 2.2 applies to Estimated resident population (see table below for more details), Schools, Tourist accommodation, Local government and Motor vehicles on register.

ASGC 2.3 applies to Births, Deaths, Building, Business locations and Agriculture.

### STATISTICAL LOCAL AREA CHANGES, QUEENSLAND, EFFECTIVE FROM 1 JULY 1991 TO 30 JUNE 1993

Statistical local area	Nature of change	Change	Estimated	Year of effect

Rocklea	Gained from Yeerongpilly	+0.1	..	1992-93
Sunnybank Hills	Gained from Acacia Ridge	+0.3	+321	1992-93
The Gap (incl. Enoggera SF)	Renamed The Gap (incl. Enoggera Res.)	..	..	1992-93
Toowong	Lost to Brookfield (incl. Mt Coot-tha)	-0.4	..	1992-93
Yeerongpilly	Lost to Rocklea	-0.1	..	1992-93

(a) Population changes estimated at 1 July of the year of effect.

## EXPLANATORY NOTES—continued

8. Estimated resident populations shown are based on the 1991 Census of Population and Housing counts adjusted for under-enumeration, as measured by a post-enumeration survey, plus the estimated number of residents temporarily overseas.

9. Figures shown for births and deaths relate to the resident population of the area for which they are shown.

10. Statistics of building work approved are compiled from: (a) permits issued by local government authorities in areas subject to building control by those authorities and (b) contracts let or day labour work authorised by Commonwealth, State, semi-government and local government authorities. Major building activity which takes place in areas not subject to the normal administrative approval processes (e.g. mining leases) is also included. The number of dwelling units created by alterations and additions to existing buildings, i.e. buildings other than dwellings, is not included.

11. *Location.* A location is a physical unit of an establishment, usually of an unbroken physical area or site.

12. Users may also wish to refer to other ABS publications which give data on a small area level. These publications, marked with the symbol 'o' are included in the list inside this publication.

13. Current publications produced by the ABS are listed in the *Catalogue of Publications and Products* (1101.0). The ABS also issues the *Publications Advice* (1105.0) on Tuesdays and Fridays which lists publications to be released in the next few days. Both the *Catalogue* and the *Publications Advice* are available from any ABS office.

### Other services

14. Information may be available in other forms including floppy disk, compact disc, microfiche, photocopy, computer printout or clerically extracted tabulation. A charge will be made for providing statistics in these forms.

15. As well as the statistics included in this and related publications, the ABS may have other relevant unpublished data available. Inquiries may be made by telephoning Information Services on (07) 222 6351, by personal visit to 313 Adelaide Street, Brisbane, by facsimile on (07) 229 6042 or by writing to Information Services, ABS, GPO Box 9817, Brisbane Q 4001.

16. ABS publications are available for reference at most university libraries and various public and TAFE libraries throughout Queensland.

### Symbols and other usages

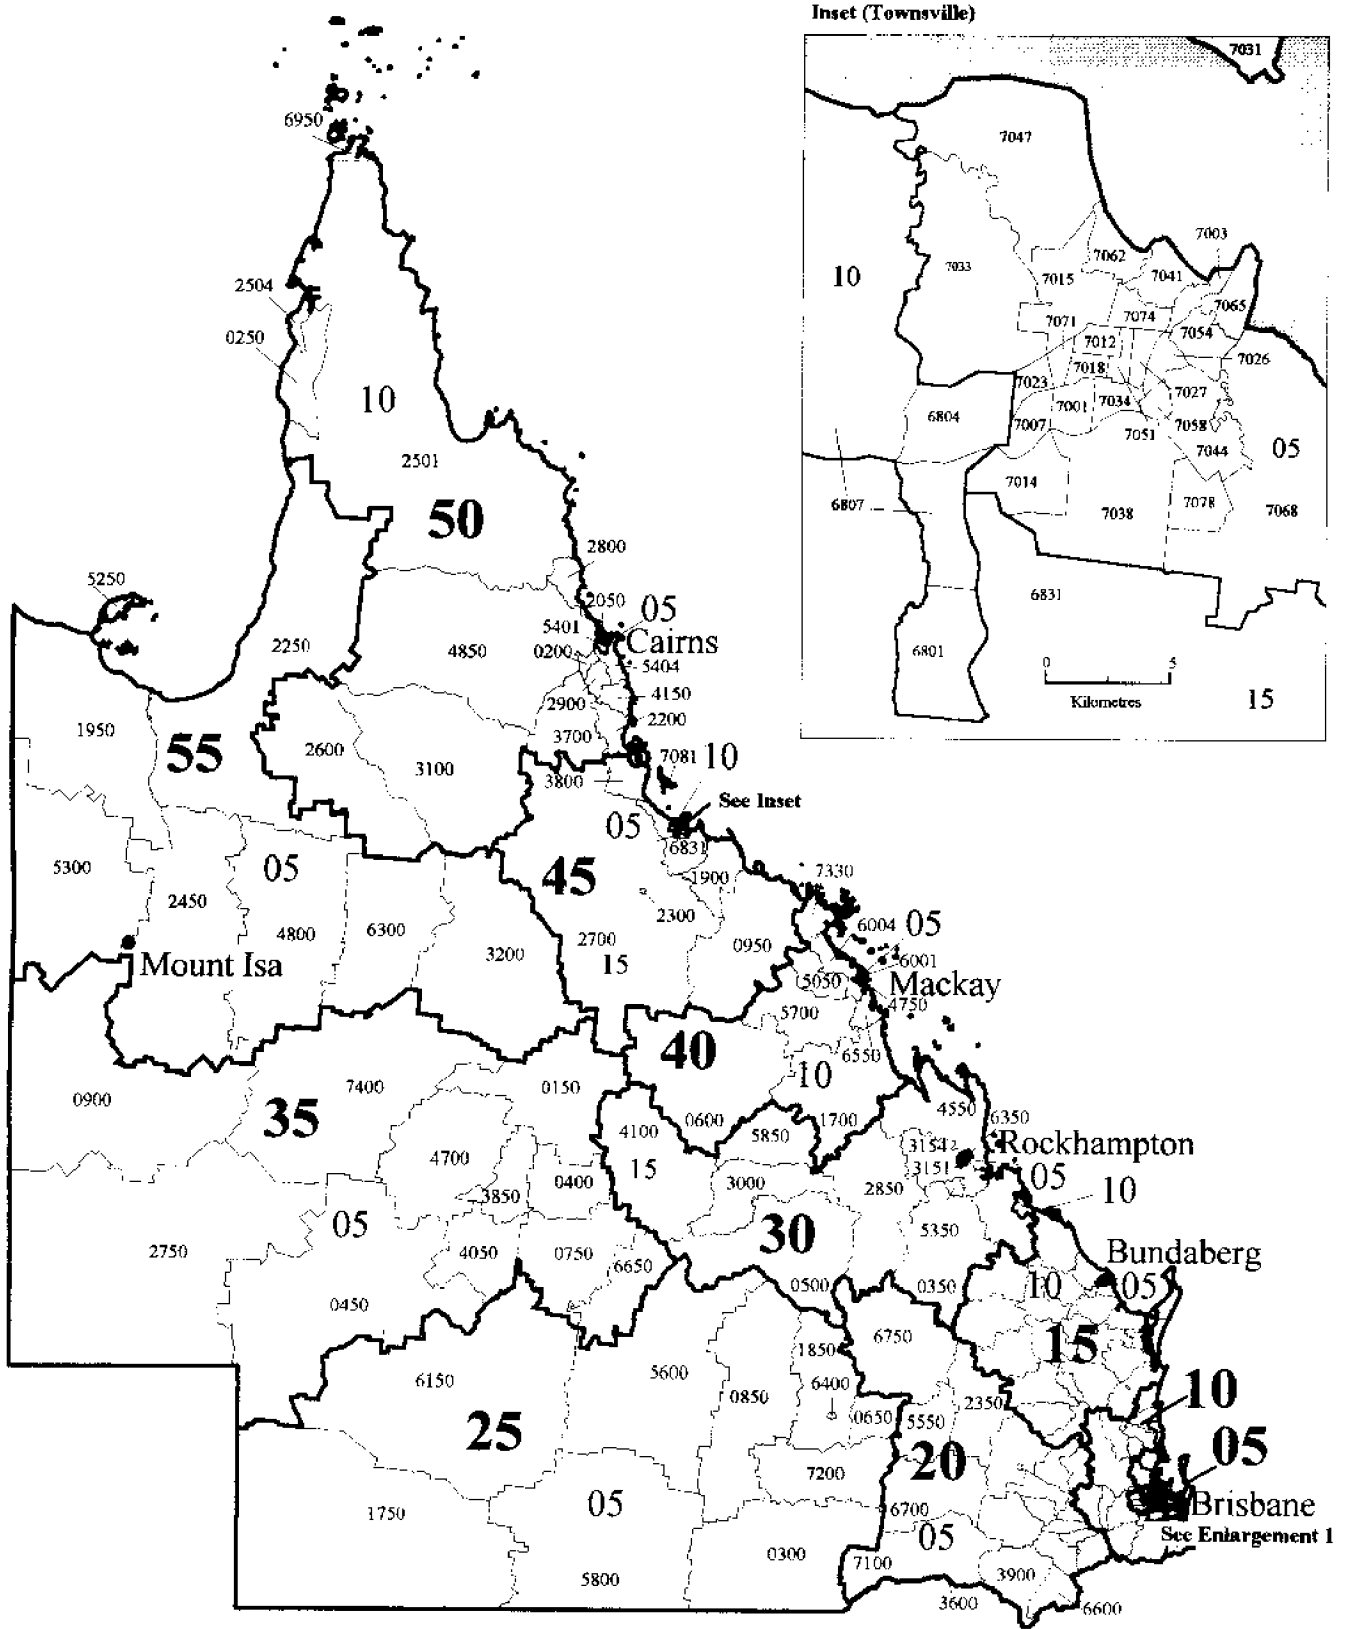

n.a.	not available
n.p.	not available for publication but included in totals where applicable, unless otherwise indicated
..	not applicable
—	nil or rounded to zero (including null cells)

17. Where figures have been rounded, discrepancies may occur between totals and sums of the component items.

The ABS publishes a wide range of information on Australia's economic and social conditions. A catalogue of publications and products is available from any of our offices (see below).

#### INFORMATION CONSULTANCY SERVICES

Special tables or in-depth data investigations are provided by the ABS Information Consultancy Service in each of our offices (see below).

#### ELECTRONIC DATA SERVICES

A large range of data is available via on-line services, diskette, magnetic tape, tape cartridge and CD ROM. For more details about our electronic data services, contact any ABS office (see below).

#### BOOKSHOP AND SUBSCRIPTIONS

There is a large number of ABS publications available from the ABS Bookshops in each of our offices. You can also receive any of our publications on a regular basis. Join our subscription mailing service and have your publications mailed to you in Australia at no additional cost. Telephone our Publications Subscription Service toll free Australia wide on 008 0206 08.

o Information shown for each local government area. # New title to be issued during 1995.

# The 1995 edition of the Queensland Year Book is now available.

The *Queensland Year Book, 1995* contains authoritative information on the political structure and history of Queensland and its economic and social conditions, augmented by diagrams, analytical comment and quality photographs which have been combined to produce a volume that is both informative and pleasing to the eye.

The Year Book is a reference source and this issue has been redesigned to assist students and researchers to find the information they need more readily. It is also written for those who would value a broader general knowledge of Queensland and is a desirable acquisition for school, home and office libraries.

If you would like to purchase a copy of the Queensland Year Book please complete the order form below and return it with your payment to:

Australian Bureau of Statistics
