STATISTICAL BULLETIN : APPARENT CONSUMPTION OF TEA AND COFFEE, AUSTRALIA

NO. 9 : 1969-70

This bulletin contains particulars of the estimated quantities of tea and coffee available for consumption (i.e. the apparent consumption), together with details of imports of tea and coffee, for the years 1965-66 to 1969-70.

Consumption data have, in general, been obtained by deducting quantities of these commodities exported from imports cleared for home consumption. An adjustment has been made for changes in stocks held by firms which imported tea and coffee products in each of the years ended 30 June. Stocks held by retailers and other distributing agencies have been excluded from these estimates.

NOTE. Any discrepancies between totals and sums of components in tables are due to rounding.
