| Purchase of established dwellings | 107,416 | 33,520 | 124,613 | 41,465 | -17,197 | -7,945 |
| Total | 161,742 | 51,996 | 188,812 | 63,528 | -27,070 | -11,532 |

## EXPLANATORY NOTES

## Introduction

This bulletin presents statistics of secured finance provided by banks to individuals for the construction or purchase of dwellings, for owner occupation, and details of other selected items relating to the provision of housing finance.

## Scope

2. For the purposes of these statistics a bank is defined as -
(a) a bank within the meaning of the Banking Act 1959-1974.
(b) a bank constituted by a State act.
3. Figures for each State or Territory are compiled on the basis of business written or recorded by banks (or branches of banks) operating in that State or Territory, but this does not necessarily indicate that the funds so provided are used within that State or Territory.

## Coverage

4. A bank is included in the collection if :
(a) it falls within the scope outlined above, and
(b) it satisfies either of the following criteria on an Australia-wide basis -
(i) loans approved for housing finance for owner occupation during 1974-75 exceeded $\$ 250,000$, or
(ii) balances outstanding on such loans at 30 June 1975 exceeded \$2 million.

As all savings banks included in the previous collection satisfied the above criteria there has been no change in coverage.

## Period covered

5. Statistics for trading banks relate to the period ending on the second Wednesday following the month shown, while for savings banks they relate to the periods ending on either the last Monday, the last Wednesday or the last day of the month.

NOTE. Inquiries concerning these statistics may be made in Canberra by telephoning Mr Colin Squair on 525331 or, in each State capital, by telephoning the office of the Australian Bureau of Statistics.

## Description of data items

6. Loans approved. A laon approval is a firm commitment by a bank to advance funds. Loans approved for amounts additional to loans previously approved are also included.
7. Cancellation of loans. This item refers to the value of loans approved but subsequently cancelled or reduced. Loans approved and cancelled during the same month are recorded as both loan approvals and cancellations for that month. Where a loan is cancelled in part, the number of dwelling units is not recorded in the cancellation category.
8. Loans advanced. This item refers to the actual money advanced during a period. Where loans are advanced by instalments, only the actual cash paid out is included. Capitalised mortgage insurance premium payments and other capitalised charges (e.g. legal fees, inspection and valuation fees) are included.
9. Dwelling. A dwelling is classified as either a house or other dwelling.
(a) A house is defined as a building which has been designed so that its prime purpose is to be a single self-contained (i.e. includes bathing and cooking facilities) dwelling unit which is completely detached from other buildings, and occupies a separate titled block of land.
(b) An other dwelling is defined as a self-contained dwelling unit other than a house as defined in (a) above. Examples of other dwellings are flats, home units, semi-detached cottages, villa units, town houses etc.
10. Number of dwelling units. This item refers to the number of houses and other dwellings for which first mortgage loans have been approved. If amounts additional to the original loan are approved to complete the purchase or construction, the number of dwellings involved is not recorded again.
11. Alterations and additions. Alterations are changes to existing dwellings without an increase in floor area whereas additions are structural changes to existing dwellings resulting in an increase in floor area. Detached garages are included in these statistics as additions.
12. Construction of other dwellings. This category includes situations where a group of people combine to organise the construction of a block of home units, town houses etc., and it is intended that each person in the group will acquire a title to one of the dwelling units.
13. Purchase of Newly Erected Dwellings. This item represents the purchases of dwellings which have been completed or will be completed within a period of twelve months preceding the date of purchase where the purchaser is, or will be, the first occupant.
14. Purchase of Established Dwellings. This item represents the purchases of dwellings which have been completed for a period greater than twelve months preceding the date of purchase or if completed within twelve months the purchaser is not the original occupant.

## Comparability with other statistics on housing finance.

15. The statistics on housing finance for owner occupation published in this bulletin are directly comparable with those published in the bulletin Housing Finance for Owner Occupation - Permanent Building Societies (Reference No. 5.58) and Housing Finance for Owner Occupation (Reference No. 5.56).

## Symbols and other usages

.. - nil, or less than half the final digit shown
n.a. - not available for publication

Unless otherwise indicated, any discrepancies between totals and sums of components are due to rounding.
