PREFACE.

The first Labour Report issued by this Bureau was published in 1912. This Report is the thirty-sixth of the series and deals chiefly with 1947, in addition to giving comparisons for previous years. Some of the tabulations, however, include particulars relating to 1948.

The Report follows the lines of its immediate predecessors in scope and arrangement. The subject-matter has been divided into five Chapters, viz., Retail Prices and Price Indexes; Wholesale Prices and Price Indexes; Wages (including Hours of Labour); Employment and Unemployment (including Industrial Disputes), and Associations (Labour Organizations). The index at the end of the volume will considerably facilitate reference.

In tabulating the results of investigations as to rates of wage, labour organizations, unemployment, industrial disputes, &c., the following grouping has been adopted in this Report :---

Groups of Industries and Occupat	CIOD#.

Secretaries of trade unions and of employers' associations, officials of Commonwealth and State Departments, private employers, retail traders, house agents, and others have readily supplied much information specially for the purposes of this Report, and my thanks are tendered to all who have thus assisted.

Grateful acknowledgment is also made of the continued assistance given by the Statistical Offices in the various States, especially in regard to the collection of retail prices.

I also desire to express my appreciation of the work done in the proparation of this Report by Mr. V. Fahey, the Officer-in-Charge of the Prices Section, Mr. E. H. Harry, B.A., B.Com., the Officer-in-Charge of the Employment and Labour Section, and the staff under their control.

S. R. CARVER,

Acting Commonwealth Statistician.
