

CASH MANGEMENT TRUSTS AUSTRALIA

ABS Product Number 5635.0.40.001

Enclosed are the Cash Management Trusts tables for the month ended
November 2002.

If you have any enquiries about these statistics,
please contact Neil Hladenki on **(02) 6252 6171**.

About the data service

This data service presents monthly statistics on financial operations, units on issue, asset structure, net yield and maturity profile of cash management trusts.

Finance sector comment

The assets of cash management trusts were \$28.1 billion at the end of November 2002, a decrease of \$0.2 billion on October 2002. Holdings of bank bills, \$4.4 billion, and bank certificates of deposit, \$15.1 billion, accounted for 70% of all assets held.

The weighted average net yield to unit holders at the end of November 2002 was 3.99%, which compares with 3.903% at the end of October 2002.

DATA SERVICE

CASH MANAGEMENT TRUSTS-AUSTRALIA (5635.0.40.001)

EXPLANATORY NOTES

Introduction

The statistics of cash management trusts are compiled from returns collected under the *Census and Statistics Act 1905*. Rates on 90 day bank bills are obtained from the Reserve Bank. The statistics relate to financial operations, units in issue, net yield and maturity profiles of cash management trusts.

Definition

1. For the purposes of these statistics a cash management trust is defined as a unit trust which:
 - (a) is governed by a trust deed;
 - (b) is open to the public; and
 - (c) generally confines its investments (as authorised by the trust deed) to financial securities available through the short term money market.

Coverage

2. All cash management trusts operating in Australia are included in the statistics. However, the number of trusts may vary from month to month due to the establishment or closure of individual trusts.

Definitions and Descriptions of data items.

3. Units are the interests offered for subscription or purchase.
4. Units issued are those issued to existing and new unit holders as a result of new applications and to existing unit holders when income is converted to units after the end of each distribution period. Excluded are units issued to managers and their related corporations.
5. Units redeemed refers to the redemption of units and includes any income paid to unit holders on redemption of units. Excluded are units redeemed by managers and their related corporations.
6. Units in issue as at the end of the period represents the total stock of units held by unit holders, and includes units in issue to managers and their related corporations. In principle, this figure may be obtained by adding units issued as a result of new applications and re-invested income

for the current month to the previous month's total of units in issue, and subtracting any redemptions. However derived data will not equal data published for units in issue, because units issued as a result of new applications and re-invested income exclude units issued and redeemed by the manager, and units redeemed includes income paid out on redemptions.

7. Gross investment income is the accrued investment income of the trusts for the month, before deducting any expenses. Investment income is calculated by trusts on a daily basis and includes discounts on negotiable securities and interest receivable earned on that day, together with the realised appreciation or depreciation on any instruments sold on that day.
8. Fees and expenses refers to the accrued value for the month of managers' fees, trustees' fees, interest payable on borrowings and other expenses incurred in connection with the administration of the trusts. Trusts calculate their fees and expenses on a daily basis, generally in proportion to the number of units in issue.
9. Borrowings refers to the borrowings (including overdraft facilities) used to finance the purchase of instruments and/or for the purpose of providing funds for the redemption of units and the distribution of income to unit holders.
10. Net yield to unit holders at end of period is the net income accruing to unit holders for the last day of the month, expressed as a percentage per annum. The net yield for all trusts has been derived by weighting the net yield for each trust by the number of units in issue for that trust on the last day of the month.
11. Net yield to unit holders for the period represents the average of the net yields to unit holders for each day of the month. The net yield to unit holders for the month for all trusts has been derived by weighting the average net yield to unit holders for the month for each trust by the average number of units in issue for the month.
12. Yield on 90-day bank bills represents the average of daily market yields reported to the Reserve Bank for the week ended last Wednesday of the month. This yield gives an indication of competing market rates.
13. Banks, as referred to in the asset classification (Table 3), are banks within the meaning of the *Banking Act 1959* or banks constituted by State acts.
14. FCA Corporations refers to corporations which are registered under the *Financial Corporations Act 1974*.
15. Other Commonwealth government securities are all securities issued by the Commonwealth government, other than Treasury Notes. It excludes securities issued by Commonwealth public authorities.

16. Term of maturity of assets refers to:

- (a) the period of notice for withdrawal where securities can be redeemed without incurring an income penalty; or
- (b) the remaining term to maturity where a maturity date is specified.

17. The average period for term to maturity represents the weighted average of the terms to maturity of all trust assets.

Asset valuation

18. The value of total assets presented in Table 3 has been compiled on a 'cost plus accrued income' basis. Where trusts supply individual categories of assets on a cost of investment basis, the accrued investment income which is not yet received is supplied as a separate item.

Revisions

19. Revisions to previously published statistics are included in issues of this data service as they occur.

Related Publications

20. Readers may also wish to refer to the following publication which is available upon request:

Managed Funds, Australia (5655.0)-issued quarterly.

Current publications produced by the ABS are listed in *Catalogue of Publications and Products, Australia* (1101.0). The ABS also issues on Tuesdays and Fridays, a *Publications Advice* (1105.0) which lists publications to be released in the next few days. The Catalogue and Publications Advice are available from any ABS office.

Symbols used

- nil, or rounded to zero.
- n.p** not available for publication but included in totals where applicable, unless otherwise indicated. Where figures have been rounded, discrepancies may occur between sums of the component items and totals
