CHANGES TO THIS ISSUE AND FORTHCOMING ISSUES

General

Data from July 1998 onwards will be delivered from ABSDB (previously delivered from INFOS). The change in the source from which the data is delivered has resulted in time series being available from June 1984 only. Data in time series, already held by clients, will not be subject to amendments. Investigations looking at ways in which the time series can be restored are under way.

Building societies and credit unions became authorised deposit-taking institutions on 1 July 1999 and are therefore not registered under the Financial Corporations Act. Accordingly, ABS Cat. no 5647.0, statistics for corporations registered under the Financial Corporations Act, does not include data on building societies (Tables 1-4) and credit unions (Tables 24-27) from July 1999 onwards.

Summary statistics for Building Societies and Credit Unions will continue to be published in the Reserve Bank of Australia (RBA) Bulletin, tables C1 and C2. For detailed statistics on Building Societies and Credit Unions, contact John Turner at Australian Prudential Regulation Authority (APRA) on phone (02) 9210 3274 or email john.turner@apra.gov.au. Alternatively, access APRA website (www.apra.gov.au).

DATA SERVICE

FINANCIAL CORPORATIONS ACT STATISTICS

EXPLANATORY NOTES

Introduction

Table(s) have been compiled from summary data provided by the Reserve Bank of Australia (RBA). The summary data are derived from statements furnished to the RBA by corporations registered under the *Financial Corporations Act 1974*.

Scope and Coverage

2. A corporation comes within the ambit of the Financial Corporations Act if:
 - (a) its sole or principal business activity in Australia is the borrowing of money and the provision of finance;
 - (b) its assets in Australia arising from the provision of finance exceed 50 per cent (or a different percentage if prescribed by regulation) of the value of its assets in Australia; or
 - (c) it provides finance in the course of carrying on in Australia a business of selling goods by retail, and the value of its assets arising from the provision of finance, combined with those of its related retail corporations, exceeds \$5 million (or a different amount if prescribed by regulation).
3. The Financial Corporations Act defines the provision of finance, applicable to all registered corporations, to include:
 - (a) the lending of money, with or without security;
 - (b) the supplying of goods by way of hire purchase;
 - (c) the sale (other than a lay-by sale) by a retailer of goods on terms under which payment in full is not required to be made within 3 months;
 - (d) the letting on hire of goods;
 - (e) the acquisition of debts due to another person;
 - (f) the purchase of bills of exchange or promissory notes;
 - (g) the purchase of Government and public authority securities; and
 - (h) the purchase of debentures or other securities (other than shares) issued by a corporation.
4. The Financial Corporations Act does not apply to:
 - (a) public authorities;
 - (b) authorised banks;
 - (c) terminating building societies;
 - (d) friendly or benefit societies;
 - (e) medical or hospital benefits organisations;

- (f) life or general insurance companies;
- (g) trustee corporations;
- (h) a corporation borrowing principally to lend money to related corporations which are not subject to the Act;
- (i) a corporation registrable according to the above criteria but the combined value of the assets of the corporation and its related financial corporations does not exceed \$1 million; or
- (j) a registered corporation exempted by order of the Governor on the advice of the Reserve Bank .

Categories of corporations

5. The Act requires the Governor of the Reserve Bank, on the advice of the Reserve Bank, to divide registered corporations into categories. The following notes describe the main characteristics of the ten categories into which registered corporations have been allocated.

Category A (Building Societies)

Comprises corporations which operate under State or Territory legislation relating to building societies. Most members of this group are organised on a co-operative basis, borrow predominantly from their own members and provide finance principally in the form of housing loans to their members

Building societies became authorised deposit-taking institutions on 1 July 1999 and are therefore not registered under the Financial Corporations Act. Accordingly Tables 1-4 do not include data on building societies from July 1999 onwards.

Category B (Credit co-operatives)

Comprises those corporations which are organised on a co-operative basis apart from those in Category A. These corporations borrow from, and provide finance to, their own members. (Associations of credit unions are included in Category J - Other financial corporations).

Credit Unions became authorised deposit-taking institutions on 1 July 1999 and are therefore not registered under the Financial Corporations Act. Accordingly Tables 24-27 do not include data on credit unions from July 1999 onwards.

Category C (Authorised money market dealers)

Comprises corporations which hold and deal in securities issued by the Australian Government and other securities, for that purpose, borrow money for short periods and have entered into arrangements with the Reserve Bank which facilitate these operations.

Effective from 9 August 1996, the accreditation of authorised money market dealers was revoked. As a result, the collection of related Financial Corporation Act statistics and the publication of Tables 5-9 relating to authorised money market dealers has ceased. The final release of statistics on the operations of authorised money market dealers was in the 1996 issue of this special data service.

Category D (Money market corporations)

Comprises corporations, other than those in Category C, whose short term borrowings are a substantial proportion of their total outstanding provision of finance, which is mainly in the form of loans to authorised dealers in the short term money market and other liquidity placements, business loans and investments in Government, commercial and corporate paper.

Corporations providing finance predominantly in these ways which are financed substantially by related

corporations with funds raised on a short term basis are also classified as money market corporations, as are corporations which borrow principally on short term and lend predominantly to related corporations in this category.

Category E (Pastoral finance companies)

Comprises corporations whose provision of finance is predominantly in the form of loans to rural producers largely associated with the provision of rural services.

Category F (Finance companies)

Comprises corporations not included in categories A to E, which rely substantially on borrowings in financial markets in Australia and/or from abroad and whose provision of finance is predominantly in the form of business and commercial lending, instalment credit to finance retail sales by others and/or other loans to individuals.

Corporations which lend predominantly in the form described above and which are financed by related corporations which borrow substantially from financial markets and/or from abroad are also included in this category. Those corporations which are substantial borrowers in financial markets or from abroad and which lend predominantly to related corporations in this category are also included.

Category G (General financiers)

Comprises corporations which lend predominantly for business and commercial lending, instalment credit to finance retail sales by others and/or other loans to individuals but which do not rely substantially on borrowings in financial markets in Australia and from abroad.

Category H (Retailers)

Comprises corporations which provide finance predominantly in the form of credit to finance their own retail sales on terms under which payment in full is not required to be made before the expiration of three months from the date on which the goods were sold.

Category I (Intra group financiers)

Comprises those corporations not included in Categories A to H which predominantly borrow within a corporation group and/or provide finance by lending within their corporation group or by investing in financial markets.

Category J (Other financial corporations)

Comprises those registered corporations not included in the above categories.

6. Where a registered corporation has its provision of finance predominantly in the form of loans to related corporations it has generally been grouped with its related corporations. In Categories D and F the relationship provision is especially defined.

7. The population for the various categories may vary from month to month due to:

- (a) registration of corporations;
- (b) change in category; and
- (c) deletion of corporations no longer registrable.

Particular care should therefore be taken in interpreting individual month-to-month movements.

8. Lists of the above registered corporations are published in the RBA.Bulletin from time to time. Details are

also provided of variations to lists previously published. The most recent lists are also available from ABS.

Data items

9. Data items are reported in accordance with the directions contained in the Schedule to the Financial Corporations (Statistics) Regulations. Unless otherwise specified in the directions, corporations have been requested to value their assets and liabilities on the basis used in their latest audited accounts.

Statistical period

10. While the statistics are described as being for a statistical period (month/quarter/half year) some corporations have accounting periods which do not correspond exactly to the statistical period and their figures are used without adjustment.

Revisions

11. Tables incorporate revisions made to statistics for previous periods.

Symbols and other usages

- nil or rounded to zero
- n.a.** not available
- n.p.** not available for publication but included in totals
where applicable, unless otherwise indicated.
- n.r.** not recorded

12. Where figures have been rounded, discrepancies may occur between sums of the component items and totals.
