INTRODUCTION

Results from the quarterly Survey of Tourist Accommodation are published in *Tourist Accommodation, Australia* (Cat. no. 8635.0), which contains information at the national, State and Tourism Region levels. As advised in the March quarter 1998 issue of that publication, the Survey of Tourist Accommodation has been substantially revised since the December 1997 quarter.

From the March quarter 1998, the scope of the survey includes licensed hotels, motels and guest houses with facilities and serviced apartments with 15 or more rooms or units.

This data service provides additional information specific to South Australia, including data for small areas within Tourism Regions.

Information in respect of 1997 has been retabulated on the basis of the new scope and included in this data service. More detailed 1997 data may be available on request.

As well as reflecting the changes described above, this data service contains a new geographic classification for regional data. Data are now classified by Tourism Regions as defined by the relevant State and Territory Tourist Commissions or equivalent organisations. The composition of each Tourism Region is included at the back of this data service.

EXPLANATORY NOTES

INTRODUCTION

1 This data service contains data for South Australia from the ABS quarterly Survey of Tourist Accommodation (STA). Survey results for all States and Territories and Australia are published in *Tourist Accommodation, Australia* (Cat. no. 8635.0).

SCOPE AND COVERAGE

2 The survey includes the following categories of establishments which provide predominantly short-term non-residential accommodation to the general public:

- *Hotels and resorts with facilities*—establishments with 15 or more rooms which are licensed to operate a public bar and which provide accommodation on a room/suite basis, with a bath/shower and toilet in most guest rooms, but which do not have full cooking facilities (i.e. hot plates and oven/microwave) in most guest rooms;
- *Motels, private hotels and guest houses with facilities*—establishments with 15 or more rooms which are not licensed to operate a public bar, and which provide accommodation on a room/suite basis, with a bath/shower and toilet in most guest rooms, but which do not have full cooking facilities (i.e. hot plates and oven/microwave) in most guest rooms; and
- *Serviced apartments*—establishments with 15 or more units which mostly comprise self-contained units at the same location, and which are available on a unit/apartment basis to the general public for a minimum of one night; the units should have full cooking facilities (i.e. hot plates and oven/microwave), refrigerator and bath/shower and toilet facilities; all bed linen and towels should be provided, and daily servicing (i.e. cleaning and bed making) must be available through the on-site management, although this service may not necessarily be used.

3 The scope of the survey has changed significantly since the December quarter 1997, for which South Australia results were published in *Tourist Accommodation, South Australia* (Cat. no. 8635.4). Details of the changes are explained in the December quarter issue of that publication, or in the December quarter 1997 and March quarter 1998 issues of *Tourist Accommodation, Australia* (Cat. no. 8635.0).

4 Some units will have been reclassified following the implementation of the new survey scope and definitions.

REGIONAL DATA

5 From the March quarter 1998, survey results are aggregated to Tourism Regions as defined by relevant State and Territory Tourist Commissions or equivalent organisations. Details of the composition of Tourism Regions, including a map, follow. Small geographic area data presented in Table 5 of this data service have been classified according to the Australian Standard Geographical Classification (ASGC) 1998 (Cat. no. 1216.0). There were substantial changes for South Australia, effective from 1 July 1998.

FUTURE COLLECTION STRATEGY

6 As part of the future collection strategy of the STA, significant caravan parks, visitor hostels and remaining holiday flats, units and houses will be surveyed triennially, commencing with a year 2000 reference year.

7 Each year, accommodation counts of number of establishments and capacity data will also be compiled in respect of the previous scope of the survey (but recognising serviced apartments separately). These counts are expected to be published annually in the December quarter issue of *Tourism Indicators, Australia* (Cat. no. 8634.0).

UNPUBLISHED STATISTICS

8 The ABS may make available on request certain unpublished tourist accommodation statistics, including statistics for past quarters and for specific areas and more detailed information for specific data items. For example, detailed employment statistics showing the number of full-time, part-time or casual employees may be available. A charge may be made for this information.

Both the Catalogue and Release Advice are available from any ABS office.

EFFECTS OF ROUNDING

GLOSSARY

| | |
|-------------------------------|--|
| Average length of stay | Average length of stay is expressed in numbers of days and calculated by dividing <i>Guest nights</i> by <i>Guest arrivals</i> . |
| Bed spaces | Three-quarter beds are counted as one bed space; double beds as two bed spaces. Cots are excluded. |
| Capacity | Capacity in terms of <i>Guest rooms/units</i> or <i>Bed spaces</i> is the maximum number available to accommodate paying guests during the survey period. Capacity closed temporarily for seasonal reasons is included. |
| Establishments | The number of establishments within the scope of the survey which operated for any part of the survey period, or which closed temporarily for the quarter for seasonal reasons. |
| Guest arrivals | The total number of paying guests counted only on the first night they stayed at the accommodation establishment during the survey period. |
| Guest rooms | The maximum number of rooms available at each establishment during the survey period for accommodating short-term paying guests. Units and apartments within serviced apartments are treated as rooms in these survey results. |
| Occupancy | Occupancy in terms of <i>Room nights</i> or <i>Unit nights</i> refers to the total number of nights each guest room or unit was occupied during the survey period. Occupancy in terms of <i>Guest nights</i> refers to the total number of paying guests counted on each night they stayed at the accommodation establishment during the survey period. |
| Occupancy rates | <i>Occupancy rates</i> represent occupancy expressed as a percentage of total capacity available during the survey period, e.g. for the period $\text{Room occupancy rate (\%)} = \frac{\text{Room nights occupied}}{(\text{Guest rooms}) \times (\text{No. of days in the period})} \times 100$ providing that, for establishments closing (other than for seasonal reasons) or opening during the survey period, the denominator of the above expression includes only operating periods. |
| Persons employed | The total number of persons working at each accommodation establishment at the end of the survey period (including working proprietors and those working on other than accommodation activities). |
| Room nights available | The number of guest rooms/units available multiplied by the number of days for which they were available during the survey period. For establishments closing (other than for seasonal reasons) or opening during this period, operating periods only are included. |

Star grading The grading of hotels, motels and guest houses with facilities and serviced apartments based on the classification system used by members of the Australian Automobile Association (AAA). The gradings are allocated according to a points system based on the amenities and facilities available to guests. Details of the grading scheme are contained in the RACV-RAASA members' publication *Accommodation Australia*, or the individual tour guides produced by members of the AAA. For the purpose of classifying establishments to a star grading in this publication, 'half' star gradings are ignored (e.g. a two and a half star grading has been shown as two star).

Takings from accommodation Gross revenue from the provision of accommodation, including bed taxes. Takings from meals are excluded. Takings from accommodation for each month generally represent the takings received during that month. Where payments are received in advance of, or after, the provision of accommodation to guests, the monthly figure for takings from accommodation may not necessarily bear a direct relationship to the number of guests accommodated during the month.
