* The births and deaths given for 1853 are all of which there is any record; but it is known that the figures are considerably short of the truth, and it is supposed that in each case the real number was not less than 5,000. The deficiency has arisen chiefly from the fact that the system of registering births and deaths was entirely changed during the year 1853, and the new system was not at first properly understood. In consequence of this, and also owing to the unsettled state of the gold-field population, it is known that many children born were neither baptized nor registered, and many persons who died were buried without registration or funeral service.

NOTE.—In addition to the amounts included under the heading "Loan Expenditure by Government," a sum of £16,775 was expended from 1859 to 1865 on Melbourne Water Supply, which cannot be allocated to the separate years.

* Prior to 1871 the expenditure was for the year ended 31st December. The figures for 1871, except in the case of Country Waterworks, relate to the first six months only. Since that date they have been for the year ended 30th June, except as regards the Railway expenditure for 1876, which is for the eighteen months ended 31st December, and that for each of the years 1877 to 1884, which is for the twelve months ended 31st December; also as regards Country Waterworks expenditure, which for all the years prior to 1885 is for the year ended 31st December. The figures do not in any case include amounts expended by municipal governments.

NOTE.—In addition to the quantity of land sold and amount realized within the year, the figures under the head "Crown Land Sales" represent during each of the years after 1868 the total extent of, and the amount paid on, lands purchased under deferred payments of which the payments were completed within the year, although such payments had extended over a series of years. The extent selected, of which the purchase had not been completed, is not included in the area sold. This amounted, at the end of 1914, to 7,338,361 acres. The figures for 1894 include 12,221 acres disposed of to Messrs. Chaffey Bros. in previous years for £1 per acre, which area and amount were not previously taken into account. The figures for 1895 include 11,584 acres granted without purchase to Messrs. Chaffey Brothers; but except for this lands granted without purchase, which amounted, up to the end of 1914, to 126,695 acres (including 50,000 granted to Messrs. Chaffey Bros.), are excluded.
