CENSUS OF THE COMMONWEALTH OF AUSTRALIA, 30TH JUNE, 1947.

POPULATION AND OCCUPIED DWELLINGS IN LOCALITIES.

The particulars shown in this Part relate to population and occupied dwellings in cities, towns, villages and other localities throughout Australia, in which fifty or more persons were enumerated at the Census of 30th June, 1947.

With the exception of some localities in Ku-ring-gai Municipality (New South Wales) and in the Rural Community Area of Greater Brisbane (Queensland), localities which formed part of an urban municipality or which were partly included in an urban municipality were not recorded separately. However, the total population and occupied dwellings for each urban municipality, and Community Area in Greater Brisbane are given, the name being shown in capital letters.

In the rural districts, clearly defined boundaries of towns, villages and other localities are not always available, and the figures shown have been tabulated from the Census schedules relating to dwellings which were stated to be within the generally accepted boundaries of the town, village, or other locality specified. Wherever the requisite information was furnished by the Census Collector, the population and occupied dwellings of a town or village were tabulated separately, but in the absence of information necessary to separate the town or village from the surrounding district, the whole area has been included in the one locality. Dwellings located near a country town, township or village which was separately recorded, and which were in an area which had no other recognized name, were recorded as "near" the appropriate town, &c.

The name of the Local Government Area in which each town, village or other locality was situated according to the boundaries of Local Government Areas existing at 30th September, 1946, is also shown. Where the locality was in a part of a State not incorporated under Local Government, the name of the Commonwealth Electoral Subdivision has been inserted in italics to indicate its approximate position. In the Northern Territory, the corresponding area is the Police District, which also is shown in italics.

Where a Local Government Area in the urban section of a State bears the same name as one in the rural section of the State, the following capital letters have been inserted for the purpose of identification:—

State.	Local Government Area.	
	Urban.	Rural.
New South Wales	M. (Municipality)	S. (Shire)
Victoria	C.T.B. (City, Town, Borough)	S. (Shire)
South Australia	C. (Corporation)	D.C. (District Council)
Western Australia	M. (Municipality)	R.D. (Road District)

Where a municipality, etc., forms part of the metropolitan section of the State or of the following cities and suburbs, a distinguishing small letter has been inserted as follows:—

- (a) Municipality included in the metropolitan population of the State.
- (b) Community Area included in Greater Brisbane.
- (c) Municipality included in Ballarat and Suburbs.
- (d) Municipality included in Bendigo and Suburbs.
- (e) Municipality included in Fremantle and Suburbs.
- (f) Municipality included in Geelong and Suburbs.
- (g) Municipality included in Kalgoorlie and Suburbs.
- (h) Municipality included in Launceston and Suburbs.

The particulars in this Part exclude the numbers of full-blood aboriginals and the dwellings occupied solely by them. Figures concerning aboriginal settlements and aboriginal mission stations relate mainly to half-castes.

Wherever practicable, information concerning construction and other camps is shown separately from the general population of the locality.

POPULATION AND OCCUPIED DWELLINGS OF ALL LOCALITIES THROUGHOUT AUSTRALIA IN WHICH AT LEAST 50 PERSONS WERE ENUMERATED AT THE CENSUS OF 30th JUNE, 1947.
