EXPLANATORY NOTES

Permanent movement consists of persons arriving in Australia with the stated intention of settling permanently in Australia, and Australian residents departing with the stated intention of residing permanently abroad. Settlers are persons who, on arrival in Australia, indicated that they came intending to settle. Former settlers are persons who, on departure from Australia, stated that they had come to Australia intending to settle, had stayed for a period of twelve months or more, and were now departing permanently.

Long-term movement (which is distinct from permanent movement) consists of the arrival of visitors and the departure of Australian residents with the stated intention of staying (in Australia or in a country abroad, respectively) for twelve months or more and the departure of visitors and the return of Australian residents who have stayed (in Australia or in a country abroad, respectively) for twelve months or more.

Short-term movement consists of all other movements, including the movement of Australian troops irrespective of period of stay, and U.S. troops visiting Australia on rest and recreation leave. Table 9 includes seasonally adjusted figures for short-term visitors arriving in Australia.
