**AVERAGE RETAIL PRICES OF SELECTED FOOD AND GROCERY ITEMS
SIX STATE CAPITAL CITIES AND CANBERRA
APRIL TO JUNE 1977**

The prices shown in this bulletin are the averages of prices for specified grades, qualities, brands, etc. charged by a number of selected retailers in each city. The specified grades, etc. and the retailers have been selected as representative to measure price change over time. Thus the prices do not purport to be the actual averages of all retail sales of these items. They should be regarded as approximate indicators of price levels and price changes.

The items and varieties shown in this bulletin do not comprise *all* of the items and varieties which are incorporated in the Food Group of the Consumer Price Index published by this Bureau.

Prices of potatoes and onions are collected weekly and averaged to derive monthly prices; prices of the other listed items are collected as at the mid point of each month.

Users may also wish to refer to the following publications which are available from the Australian Bureau of Statistics on request:

- Consumer Price Index* (quarterly) (Reference No. 9.1)
- Consumer Price Index : Monthly Food Group Index Numbers* (Reference No. 9.11)
