The prices shown in this bulletin are the averages of prices for specified grades, qualities, brands, etc. charged by a number of selected retailers in each city. The specified grades, etc. and the retailers have been selected as representative to measure price change over time. Thus the prices do not purport to be the actual averages of all retail sales of these items. They should be regarded as approximate indicators of price levels and price changes.

The items and varieties shown in this bulletin do not comprise *all* of the items and varieties which are incorporated in the Food Group of the Consumer Price Index published by this Bureau.

Prices for food items are collected as at the middle of each month except in the case of some fresh items

(fruit, vegetables and fish) where prices are collected more frequently and averaged to obtain monthly prices.

Users may also wish to refer to the following publications which are available from the Australian Bureau of Statistics on request:

Consumer Price Index (quarterly) (Catalogue No. 6401.0. Previously Ref. No. 9.1).

Consumer Price Index, Monthly Food Group Index (Catalogue No. 6402.0. Previously Ref. No. 9.11)

All publications produced by the ABS are listed in *Catalogue of Publications 1977* (Catalogue No. 1101.0. Previously Ref. No. 1.8) which is available free of charge from any ABS office.
