¹ Including cotton and woollen mixed piece goods.—² Prior to the end of 1867 the bulk of the gold received from other colonies was transhipped under bond, in order to avoid payment of the export duty; it therefore did not appear in the returns of Imports and Exports. Since that date the export of gold has been free, and consequently the receipts and shipments of gold have been embodied in the general returns in the same manner as those of any other commodity.—³ Including galvanized ironware.
⁴ Including silk manufactures.

¹ Including cotton and woollen mixed piece goods.
² Prior to the end of 1867 the bulk of the gold received from other colonies was transhipped under bond, in order to avoid payment of the export duty; it therefore did not appear in the returns of Imports and Exports. Since that date the export of gold has been free, and consequently the receipts and shipments of gold have been embodied in the general returns in the same manner as those of any other commodity.
³ Including galvanized ironware.
⁴ Including silk manufactures.
