THE RIGHT HONORABLE THE TREASURER

COMMONWEALTH STATISTICIAN

CENSUS OF MOTOR VEHICLES

31st DECEMBER, 1962

BULLETIN No. 9. — AUSTRALIA

PREFACE

This bulletin contains particulars of motor vehicles on the Registers in Australia at 31st December, 1962. Similar Bulletins have been issued for each State, the Northern Territory and the Australian Capital Territory.

The statistics have been obtained from particulars of motor vehicle registrations made available by the Motor Vehicle Registration Authorities in each State and Territory. Details of vehicles owned by the Commonwealth Government, except those belonging to the Defence Services, have been extracted from the records of the Commonwealth Registry, Department of the Interior, Canberra and are included in all tables.

The analysis relates to the type of vehicle, make, horsepower (except motor cycles), and year of model for vehicles which were registered at 31st December, 1962. Motor cars, trucks and motor cycles are classified into body types, while utilities, panel vans, trucks and omnibuses are also grouped according to tare (unladen) weight. Diesel-powered trucks and omnibuses are shown separately in Tables Nos. 21 and 23.

Vehicles owned by State, semi-governmental and local government, and Commonwealth Government departments, boards, commissions, etc., have been shown separately in Table No. 24.

In all tables, the information published has been condensed somewhat from the full detail available from the Census collection. Further detail is obtainable from the Commonwealth Statistician, Canberra.

Previous enumerations of this nature were the Census of Motor Vehicles, 31st December 1955 and the Survey of Motor Vehicles, 1947-48. The results were published in a series of bulletins and, in summarized form, in issues of the annual bulletin *Transport and Communication*—No. 48, 1956-57 (1955 Census) and No. 40, 1948-49 (1947-48 Survey).

My thanks for the information supplied at the 1962 Census are extended to the staff of the Motor Vehicle Registration Authorities in each State and Territory and the Commonwealth Registry, Department of the Interior, Canberra.

I also desire to express my appreciation of the work done in the organization and supervision of the Census and in the preparation of this Bulletin by Mr. E. J. Starkey, B.Com, the former Supervisor of the Trade and Transport Branch, and by Mr. L. M. Young and the officers of the Transport and Communication Section.
