1 The names and sexes of these blacks are given in the returns.
2 The names, ages, and sexes of these 417 persons are given by Mr. Green, and were obtained during his visit to the Western District. From the returns of Messrs. Allen, Garratt, Fergusson, Burke, McLeod, and Dennis, it would appear that there are more, 438.
3 Messrs. McLean and Young give the names.
4 It is doubtful whether or not some of these are included in Mr. Pasco's return; but from last year's table it would appear that they are not. Mr. Murray gives the names and sexes.
5 Twenty-four males and eighteen females.
6 Mr. Speiseke gives the names and sexes.
7 From last year's return.
8 Fifty-six males, forty-two females. Mr. Green gives the names.
9 When Mr. Green visited Gipps Land he did not see all the tribes, but collected the names, ages, and sexes of 159 aborigines. Mr. Thomas's return, giving the names and sexes, the result of a special visit, was 221. Mr. Hagenauer's estimate may, therefore, be relied on as nearly accurate. He states that there has been an increase of eight—eleven births and three deaths.
10 M. Lane gives the names, ages, and sexes.
11 Mr. Reid gives the names and sexes.

NOTE.—The above Table, though not complete, may be accepted as a fair approximation to the actual numbers. Much praise is due to the several honorary correspondents throughout the country who have supplied valuable information. Many of them, not named in the above list of authorities, have furnished elaborate returns; thus placing in the hands of the Board the means of checking the Tables actually used. It was clearly the most accurate plan to obtain from one person, where possible, returns for a whole district, using the other returns only as a check. The Board is now in possession of the names and other particulars of 1140 Aborigines. Those of whom such information is not available are located mostly on the Lower Murray.

R. BROUGH SMYTH,
Secretary to the Central Board for Aborigines.

1 Not including farm houses.
2 Including farmers' commons and lakes.
3 In these amounts the total and annual value of the land is included.
4 Deposits on contracts included in this amount.
5 This number is exclusive of farm houses.
6 This amount merely refers to the townships of Harrow and Apsley.

NOTE.—In some instances the Road Board authorities have been unable to form any estimate of the population and of the number of dwellings within their respective districts. The totals of those two columns do not, therefore, represent the total population and the total number of dwellings in all the Road Boards in the Colony. Those marked with an asterisk (*) are "not known."

Description of Land.	Description of Live Stock.						
	Horses.	Cattle.			Sheep.	Pigs.	Total.
		Milch Cows.	Exclusive of Milch Cows.	Total.			
Farms and Land unconnected with Stations	62,704	92,949	192,818	285,767	743,109	48,496	1,140,076

Total	86,067	116,138	460,463	576,601	6,764,851	52,991	7,480,510

NOTE.—The return of Sheep represents very nearly the entire number in the Colony; but the returns of Horses, Cattle, and Pigs do not include those which are kept in Towns or upon Gold Fields, except the stock is running upon Commons, nor of Horses and working Bullocks upon the roads. The return of Stock upon Stations has been compiled from statements voluntarily furnished by the squatters themselves, in reply to enquiries from the Registrar-General's Department. The sworn returns of the Live Stock in their possession, which have hitherto been furnished periodically by the licensees of runs to the Crown Lands Department, have not been required from them since the middle of 1862, in consequence of the abolition of the Assessment upon Stock by the Land Act of that year (25 Vict. No. 145).

* Sluices and Toms.—This includes 2,886 sluice boxes reported by the Mining Surveyor at West Buckland, and 600 reported by the Mining Surveyor at Omeo West.

† Water Wheels.—Of these 138 are reported by the Mining Surveyor at West Buckland.

NOTE.—The above table differs from that for the year 1861; the shifting of the mining population having been followed by a decrease in the machinery in some localities and an increase in others.

NOTE.—The above table does not show the total quantity of quartz crushed in the several localities, but only the yield of certain "crushings," respecting which the Surveyors have been able to obtain accurate information. The Mining Surveyors of Nos. 2, 3, 4, and 5 of the Ballaarat District, where the yield of gold per ton is very low, have collected information respecting the yield per ton of many parcels of stone, amounting altogether very nearly to three-eighths of the total number of tons crushed, as per above table, and consequently the average yield this year is below that of former years. Since the first publication of the Mining Statistics for 1859 there have been 1,043,245 4-5 tons crushed, yielding an average of 14 dwts. 3·40 grs. per ton.

* The Legislative Council Department is not classified under the *Civil Service Act.*

a The Acting President, President, and the Chairman of Committees, are not departmental officers, not being appointed by the Government. The President was granted leave of absence on the 24th January, 1861, his duties being performed by the Acting President until the 18th June, 1862. Salary was voted for the office in such manner as to provide that none should be payable except to the member performing the duties of President.

b Mr. Rusden resigned office on the 26th May, 1862, upon the understanding that he might withdraw his resignation before the expiration of a year. Mr. Comyns was appointed to succeed Mr. Rusden, Mr. Finn to act temporarily as Clerk-Assistant, and Mr. Butler was appointed to perform (temporarily) the duties of Clerk of the Papers; Messrs. Comyns and Finn to receive an allowance of £100 per annum each.

c The Usher also fills the office of Comptroller of Refreshment Rooms and Stables, and as such is allowed apartments, fuel, light, and water.

d The Reader was employed at the Government Printing Office from 21st August, 1854, and was thence transferred to his present office.

e The Housekeeper is allowed quarters, fuel, light, and water.

f There were only four Messengers till 19th November, when an additional one was appointed in consequence of the President's representing that the work could not be efficiently performed by four.
