

Agricultural Census

New South Wales – Year ended 30 June 2006

In correspondence, please quote this number ▼

Australian Business Number

Purpose of Collection

The purpose of this collection is to measure agricultural activity throughout Australia and provide information regarding agriculture's contribution to national production.

Collection Authority

The information asked for is collected under the authority of the *Census and Statistics Act 1905*. Your co-operation is sought in completing and returning this form by the due date. The Act provides me with the power, if needed, to direct you to provide the information sought.

Confidentiality

Your completed form remains confidential to the Australian Bureau of Statistics (ABS). Statistics will only be published in the form of aggregated data. Some very detailed statistics could relate to data of a single holding. Respondents who can show that their holding may be identified in the detailed statistics published by the ABS, can apply to the ABS to further aggregate the data to avoid such identification.

Due Date

Please complete this form and return it in the reply paid envelope to the Australian Bureau of Statistics by
or within 14 days of receipt.

Water use

25a Did you use water for agricultural production between 1 July 2005 and 30 June 2006?

No Go to Question **26a**

Yes

25b Water used for agricultural production

Note

- Please report part hectares.
- Where any area of pasture or crop was watered more than once during the season, show this area once only.
- Where two or more crops have been grown on the same area during the year, the area watered should be shown for each crop.
- 1 megalitre = 1,000 kilolitres.
- To convert acres to hectares, divide acres by 2.47.

Complete both columns
