## **CHANGES TO THIS ISSUE AND FORTHCOMING ISSUES**

### **General**

Data from July 1998 onwards will be delivered from ABSDB (previously delivered from INFOS). The change in the source from which the data is delivered has resulted in time series being available from June 1984 only. Data in time series, already held by clients, will not be subject to amendments. Investigations looking at ways in which the time series can be restored are under way.

### **Revisions**

Tables incorporate revisions made to statistics for previous periods.

### **This Issue**

There are no changes in this issue

### **Next issue**

1. Building societies and credit unions became authorised deposit-taking institutions on 1 July 1999 and are therefore no longer registered under the Financial Corporations Act. Accordingly, ABS Cat. no 5647.0, Statistics for corporations registered under the Financial Corporations Act, will not include data on building societies (Tables 1-4) and credit unions (Tables 24-27) from July 1999 onwards.
2. Summary statistics for Building Societies and Credit Unions will continue to be published in the Reserve Bank of Australia (RBA) Bulletin, tables C1 and C2. For detailed statistics on Building Societies and Credit Unions, contact John Turner at Australian Prudential Regulation Authority (APRA) on phone (02) 9210 3274 or email [john.turner@apra.gov.au](mailto:john.turner@apra.gov.au). Alternatively, access APRA website ( [www.apra.gov.au](http://www.apra.gov.au) ).

**DATA SERVICE  
FINANCIAL CORPORATIONS ACT STATISTICS**

**EXPLANATORY NOTES**

**Introduction**

Table(s) have been compiled from summary data provided by the Reserve Bank of Australia (RBA). The summary data are derived from statements furnished to the RBA by corporations registered under the *Financial Corporations Act 1974*.

**Scope and Coverage**

2. A corporation comes within the ambit of the Financial Corporations Act if:
  - (a) its sole or principal business activity in Australia is the borrowing of money and the provision of finance;
  - (b) its assets in Australia arising from the provision of finance exceed 50 per cent (or a different percentage if prescribed by regulation) of the value of its assets in Australia; or
  - (c) it provides finance in the course of carrying on in Australia a business of selling goods by retail, and the value of its assets arising from the provision of finance, combined with those of its related retail corporations, exceeds \$5 million (or a different amount if prescribed by regulation).
3. The Financial Corporations Act defines the provision of finance, applicable to all registered corporations, to include:
  - (a) the lending of money, with or without security;
  - (b) the supplying of goods by way of hire purchase;
  - (c) the sale (other than a lay-by sale) by a retailer of goods on terms under which payment in full is not required to be made within 3 months;
  - (d) the letting on hire of goods;
  - (e) the acquisition of debts due to another person;
  - (f) the purchase of bills of exchange or promissory notes;
  - (g) the purchase of Government and public authority securities; and
  - (h) the purchase of debentures or other securities (other than shares) issued by a corporation.
4. The Financial Corporations Act does not apply to:
  - (a) public authorities;
  - (b) authorised banks;
  - (c) terminating building societies;
  - (d) friendly or benefit societies;
  - (e) medical or hospital benefits organisations;

- (f) life or general insurance companies;
- (g) trustee corporations;
- (h) a corporation borrowing principally to lend money to related corporations which are not subject to the Act;
- (i) a corporation registrable according to the above criteria but the combined value of the assets of the corporation and its related financial corporations does not exceed \$1 million; or
- (j) a registered corporation exempted by order of the Governor on the advice of the Reserve Bank .

### **Categories of corporations**

5. The Act requires the Governor of the Reserve Bank, on the advice of the Reserve Bank, to divide registered corporations into categories. The following notes describe the main characteristics of the ten categories into which registered corporations have been allocated.

#### **Category A (Building Societies)**

Comprises corporations which operate under State or Territory legislation relating to building societies. Most members of this group are organised on a co-operative basis, borrow predominantly from their own members and provide finance principally in the form of housing loans to their members

#### **Category B (Credit co-operatives)**

Comprises those corporations which are organised on a co-operative basis apart from those in Category A. These corporations borrow from, and provide finance to, their own members. (Associations of credit unions are included in Category J - Other financial corporations).

#### **Category C (Authorised money market dealers)**

Comprises corporations which hold and deal in securities issued by the Australian Government and other securities, for that purpose, borrow money for short periods and have entered into arrangements with the Reserve Bank which facilitate these operations.

*\*Effective from 9 August 1996, the accreditation of authorised money market dealers was revoked. As a result, the collection of related Financial Corporation Act statistics and the publication of Tables 5-9 relating to authorised money market dealers has ceased. The final release of statistics on the operations of authorised money market dealers was in the 1996 issue of this special data service.*

#### **Category D (Money market corporations)**

Comprises corporations, other than those in Category C, whose short term borrowings are a substantial proportion of their total outstanding provision of finance, which is mainly in the form of loans to authorised dealers in the short term money market and other liquidity placements, business loans and investments in Government, commercial and corporate paper.

Corporations providing finance predominantly in these ways which are financed substantially by related corporations with funds raised on a short term basis are also classified as money market corporations, as are corporations which borrow principally on short term and lend predominantly to related corporations in this category.

#### **Category E (Pastoral finance companies)**

Comprises corporations whose provision of finance is predominantly in the form of loans to rural producers largely associated with the provision of rural services.

### **Category F (Finance companies)**

Comprises corporations not included in categories A to E, which rely substantially on borrowings in financial markets in Australia and/or from abroad and whose provision of finance is predominantly in the form of business and commercial lending, instalment credit to finance retail sales by others and/or other loans to individuals.
