Final **AVERAGE RETAIL PRICES OF SELECTED ITEMS** 

**64**03.0

EIGHT CAPITAL CITIES

EMBARGO: 11:30AM (CANBERRA TIME) THURS 11 NOV 2004

# NOTES

### RE-ISSUED PUBLICATION

This publication is a re-issue of Average Retail Prices of Selected Items, Eight Capital Cities (cat. no. 6403.0) that was released on 3 November 2004. It contains amended data for the price of frozen chicken, which was incorrect in the earlier publication in all capital cities. Note, these amendments had no impact on any of the relevant capital city or weighted average of eight capital cities Consumer Price Indexes.

### INTRODUCTION

This publication contains average prices for selected items which are included in the Consumer Price Index (CPI) for the eight capital cities.

The CPI covers a wide range of goods and services arranged in eleven groups which are in turn divided into subgroups. The items for which average prices are shown in this publication comprise a selection of items from the CPI food group and the following non-food subgroups: household supplies; sport and other recreation; private motoring; alcoholic drinks; and personal care.

#### AVERAGE PRICES

Prices shown are the geometric means of prices for specified grades, qualities, brands, etc. charged by a number of selected retailers in each city. The items and the retailers have been selected as representative to measure price change over time rather than to measure the average prices of all retail sales of these items in each of the 8 capital cities. Therefore they should be regarded as no more than approximate indicators of price levels for the items concerned. Furthermore, the selected grades, brands, package size, etc. for some items differ between cities and may also differ from one period to the next due to changes in product specifications. Thus the average prices for some items may not be completely comparable from city to city, nor from quarter to quarter.

Changes in the price levels of the items in this publication may differ from those in Consumer Price Index, Australia (cat. no. 6401.0) because those indexes are adjusted to take account of changes in the quality of the items priced; no such adjustment is made to the price levels presented in this publication. Details of differences in specifications are provided in footnotes to the table.

Each month prices are collected at regular intervals for milk, butter, bread, fresh meat, fresh fruit and vegetables, margarine, petrol and alcohol and are averaged to obtain quarterly prices. Prices for all other items included in this publication are collected during the mid month of each quarter (i.e. in August, November, February and May).

### FORTHCOMING ISSUE

This is the final issue of Average Retail Prices of Selected Items, Eight Capital Cities (cat. no. 6403.0) in its current format. It has been replaced by Average Retail Prices of Selected Items, Eight Capital Cities (cat. no. 6403.0.55.001) which will be available on the ABS web site <a href="http://www.abs.gov.au">http://www.abs.gov.au</a> as a Data Cube. The December quarter 2004 issue of the new product is expected to be released on 2 February 2005.

## INQUIRIES

For further information about these and related statistics, contact Steve Whennan on Canberra (02) 6252 6251, or the National Information and Referral Service on 1300 135 070.
