THE LABOUR FORCE, AUSTRALIA, PRELIMINARY, OCTOBER 1987 (6202.0)

The following table is included in this publication for the first time and will be included in all subsequent issues.

TABLE 7. LABOUR FORCE STATUS OF THE CIVILIAN POPULATION AGED 15 TO 19: FULL-TIME ATTENDANCE AT SCHOOL OR A TERTIARY EDUCATIONAL INSTITUTION

This means that preliminary data on labour force status and full-time attendance at school or tertiary educational institutions are now available together. Consequently, the unemployment situation for the youth population may now be monitored monthly in a more comprehensive and more timely manner.

More detailed final estimates are published each month in Tables 11 and 12 of "The Labour Force, Australia" (6203.0).
