\* The statistics for 1865 are not shown in this Report. From 1861 to 1864 inclusive, the statistics in Courts of Criminal Session are included.  
 † The number of Births and Deaths given for 1852 are of which there is any record, but they are known to be considerably under the mark. It is supposed that each is really increased to not less than 6,000. The deficiency has arisen owing to the system of registering Births and Deaths having been entirely changed during the year 1852, and to the law system not being at first properly understood. In consequence of this, and also owing to the unsettled state of the gold-field population, it is known that many children born were neither registered nor registered, and many persons who died were buried without registration of burial in law.  
 ‡ The amount of Revenue and Expenditure for the year 1864 are the amounts received and expended on account of the services of that year to the 31st August,
