## PREFACE.

---

The present issue, which is the forty-first of its series, furnishes particulars for 1923 and previous years in respect of the following matters :—

- I. Population (including migration). Corrected for each quarter, 1911–1923.
- II. Births.
- III. Deaths.
- IV. Marriages.
- V. Rates and Percentages in respect of births, deaths, and marriages for 1923.

Extensive details are given under each of the above categories for the year 1923, and results for previous years subsequent to the Census of 1911 have been adjusted in accordance with the results of the Census of the 4th April, 1921. The special tables relating to Cancer and Tuberculosis have been condensed, and the table previously published relating to the authorities certifying to the cause of death has been omitted.

For the purpose of economizing space, Section VI., Statistical Summary, which, in the issue of this Bulletin for 1917 occupied 32 pages (pp. 254 to 285), has again been omitted. For statistics of population, births, deaths, and marriages prior to 1911 reference must consequently be made to the pages of the 1917 Bulletin.

I take this opportunity of expressing my thanks to the various State Departments responsible for the registration of births, deaths, and marriages for the courteous assistance rendered by them in supplying the data for the compilation of Vital Statistics; and to Mr. E. T. McPhee, Supervisor of Census, the officer in charge of the compilation of Vital Statistics in this Bureau, and Mr. J. P. Dwyer, his principal assistant in this section, for the unremitting care and attention which they devoted to the onerous duties involved.

CHAS. H. WICKENS,  
Commonwealth Statistician.
