July, 1925.

By Authority.

R. J. GREEN, GOVERNMENT PRINTER, MELBOURNE.

C.8761. 7

## PREFACE.

The first Labour Report of the Commonwealth Bureau of Census and Statistics was published in 1912, and the present is the fifteenth issue. The arrangement of the various sections has been altered somewhat, but the principal details are given on similar lines to those adopted in previous issues. The matter has been divided into four main Chapters covering information on Prices, Wages, Employment and Associations respectively. This arrangement will facilitate ready comparison of cognate matters. Thus all information dealing with comparisons of price levels is now gathered together in the one chapter instead of, as in previous issues, being given in various separated parts of the Report.

New features which were included in the last issue of this Report have been continued in the present issue. These are statistics relating to (i) Employers' Associations, (ii) Co-operative Societies and (iii) the International Labour Office of the League of Nations. Another international comparison appears in the Chapter dealing with Wages, in which effective or real wages in various countries are compared.

For the purpose of tabulating the results of the investigations which have been made in regard to labour organizations, employers' associations, unemployment, rates of wage, industrial disputes, etc., the following classification of trades and occupations has been adopted:—

### Classification of Industries and Occupations.

I.	Wood, Furniture, Sawmill, Timber-works, &c.	VIII.	Mining, Quarries, &c.
II.	Engineering, Metal Works, &c.	IX.	Railway and Tramway Services.
III.	Food, Drink, and Tobacco Manufacture and Distribution.	X.	Other Land Transport.
IV.	Clothing, Hats, Boots, Textiles, &c.	XI.	Shipping, Wharf Labour, &c.
V.	Books, Printing, Bookbinding, &c.	XII.	Pastoral, Agricultural, Rural Horticultural, &c.
VI.	Other Manufacturing.	XIII.	Domestic, Hotels, &c.
VII.	Building.	XIV.	Miscellaneous.

In previous issues attention has been drawn to the great variety of sources of the data upon which this Report is based.

It is gratifying to record that secretaries of trade unions and of employers' associations, officials of State and Commonwealth Departments, private employers, retail dealers, house agents and others have readily responded to the somewhat heavy demands made upon them.

Without the help so rendered, the investigations contained herein would have been impossible, and I take this opportunity of expressing my cordial thanks to all who have thus assisted.

My special thanks are due to Mr. J. T. Sutcliffe, the Supervisor of Labour Statistics in this Bureau, for the marked ability and zeal displayed by him in the performance of the complex duties attaching to his position, and to the staff under his control for the ready and capable assistance rendered by them at all times.

CHAS. H. WICKENS,  
*Commonwealth Statistician.*

Commonwealth Bureau of Census and Statistics,  
*Melbourne, 27th July, 1925.*

# SYNOPSIS.

	Page
<b>CHAPTER I.—PRICES.</b>	
§ 1. Wholesale Prices.	
1. General .. .. .	9
2. Basis .. .. .	9
3. Index-numbers .. .. .	11
4. Quarterly Variations in Price Levels .. .. .	11
5. Variations since Outbreak of War .. .. .	12
6. Seasonal Fluctuations .. .. .	13
7. Prices—1923 and 1924 .. .. .	13
§ 2. Retail Prices—Food, Groceries and Rent.	
1. General .. .. .	13
2. Cost of Commodities, Standard of Living and Expenditure on Living .. .. .	14
3. The Composite Unit .. .. .	15
4. Other Investigations .. .. .	16
5. Retail Prices, Capital Cities, 1901 to 1924 .. .. .	17
6. Retail Prices, 30 Towns, 1920 to 1924 .. .. .	20
7. Relative Retail Prices, 30 Towns with Houses of various sizes, 1924 .. .. .	24
8. Retail Price Index-numbers in Terms of Currency .. .. .	27
9. Price Details, 1924 .. .. .	28
10. Comparisons with Previous Years .. .. .	20
11. Change of Basis for Rent Constituent .. .. .	30
§ 3. Clothing and Miscellaneous.	
1. General .. .. .	30
2. Methods Adopted .. .. .	31
3. Base .. .. .	32
4. Variations, 30 Towns .. .. .	32
5. Variations, November, 1914, to 4th Quarter, 1924 .. .. .	32
6. Application of Index-numbers .. .. .	39
§ 4. Retail Price Index-numbers, 200 Towns.	
1. General .. .. .	39
2. Results, 1922 to 1924 .. .. .	39
3. Comparisons with Quarterly Results .. .. .	44

	Page
<b>Chapter I.—Prices—continued.</b>	
§ 5. International Comparison of Price Index-numbers.	
1. Wholesale Prices—Australia and other Countries .. .. .	46
2. Retail Prices—Australia and other Countries .. .. .	46
<b>CHAPTER II.—WAGES.</b>

# **Retail and Wholesale Prices and Nominal and Effective Wage Index-Numbers, and Percentage of Unemployed.**

NOTE.—The figures on the left represent the scale for the percentage unemployed according to trade-union returns. The figures on the right represent the scale for the several index-numbers, the year 1911 being taken in each case as base (= 1000). Since the end of the year 1911, the Retail Price Index-numbers (weighted average cost of food, groceries, and house rent for the six capital cities), and the Wholesale Price Index number (Melbourne) are shown in each quarter, while unemployment percentages are shown quarterly since the end of the year 1912 only. The other index-numbers since 1913 refer to the average for the whole year, but for purposes of convenience are plotted on the graph as at the end, not the middle, of the year. Retail Price and Wholesale Price Index-numbers show the average level during the whole of each quarter, and they also for convenience are plotted at the end, and not the middle, of each quarter.
