

## Australian Capital Territory

Policy makers now have access to better data on road freight movements to inform future road planning, thanks to a joint Federal and State funded report by the Australian Bureau of Statistics (ABS). The report shows the first snapshot of road freight movements in 13 years. A snapshot of data for **Australian Capital Territory** is contained in this fact sheet. More detailed information is available in *Road Freight Movements, Australia, 2014* (cat. no 9223.0) available for free download from the ABS website.

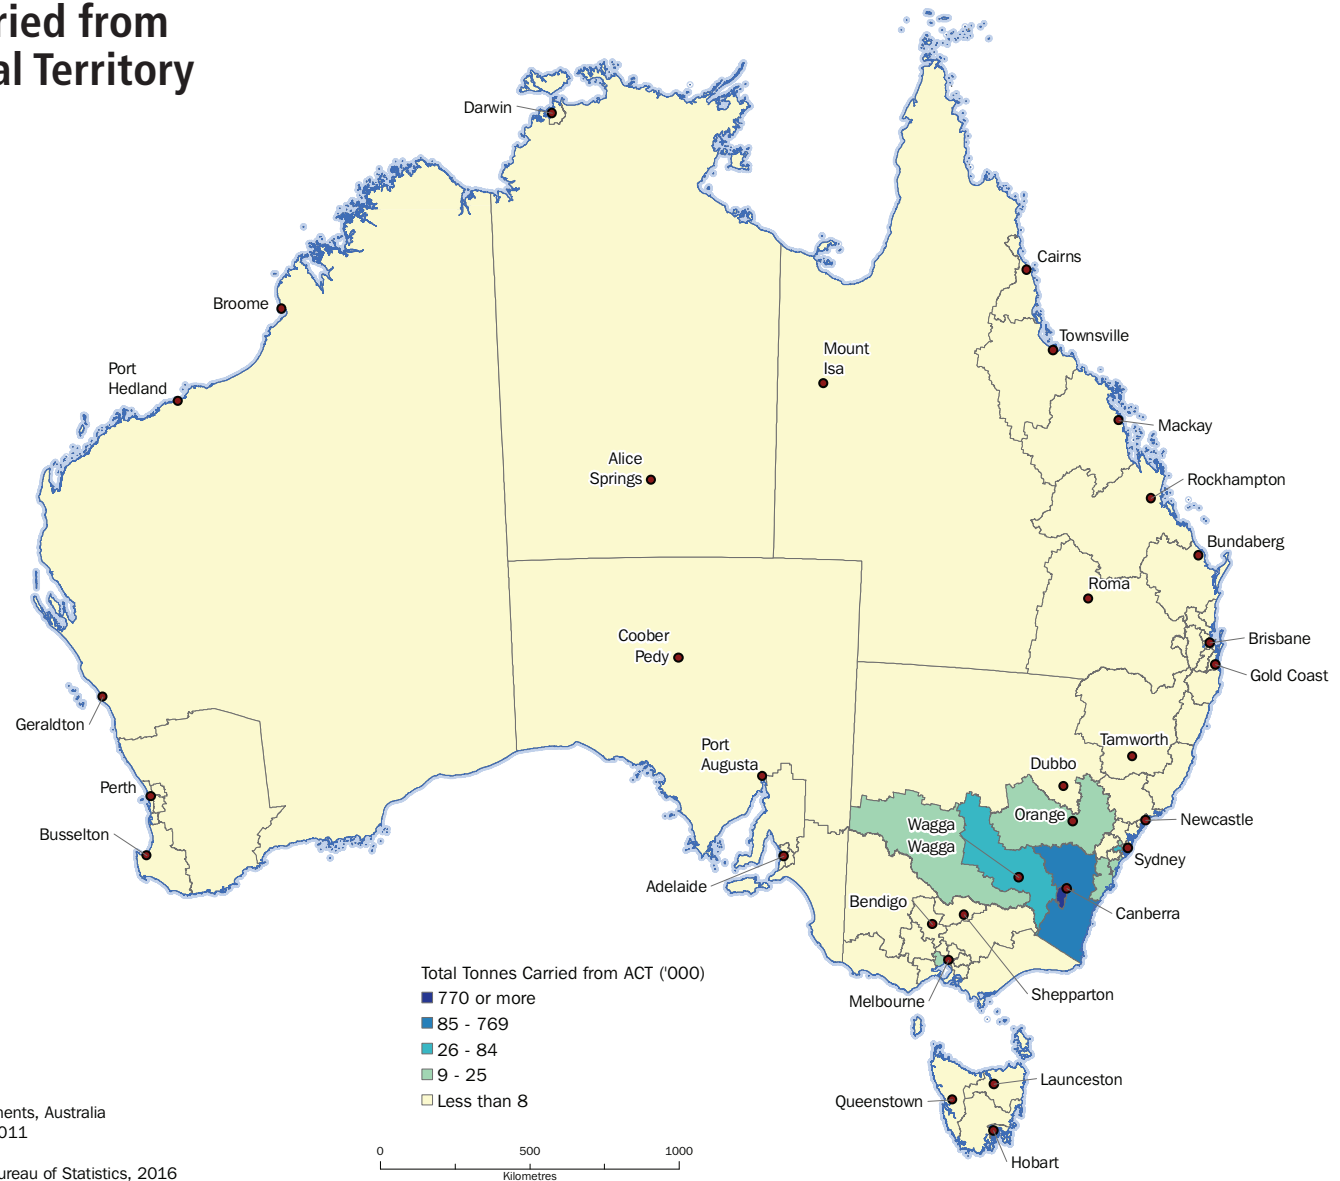

n.a. = not available

		Australian Capital Territory			Australia	
		Rigid Trucks (million)	Articulated Trucks (million)	All Trucks (million)	All Trucks (million)	% of total
Tonnes Carried	State of Origin	9.7	1.2	10.8	2,131.7	0.5
	State of Destination	11.2	2.5	13.7	2,131.7	0.6
