

Dear ABS Colleague,

On 18 January 2010 you asked Mr Chris Dainer, First Assistant Secretary, Business Improvement in CSA if he would like to make comment on the review of the Consumer Price Index (CPI). After consulting with various parties in Business Improvement Division of CSA it has been concluded that while we do make some use of the CPI, the web page generally meets our needs and there is nothing that we can suggest by way of changing or improving the website. It meets our need in its current format. I hope this helps.

Kind regards,

Allan
