As discussed, I've added an "leave flag" column in the s/sheet so that you know which employees you need to either send voting info via the post [if no personal email address supplied] or personal email address [if supplied]. I am not sure yet if the column will be populated with a Y or N but this is just an eg so you get the idea.

2. Please confirm that the Employee number known as an AGS number? **Yes, it is AGS number**

3. Please confirm the number of digits in the AGS/Employee number? **8 digits i.e. 71509517**

[redacted]

7. Attached is the Voter Roll Template and Voter Roll Certification for your completion and return. **There will undoubtedly be staff on leave during the ballot and we need to capture these so that you can send them voting information via the post or via a personal email address. The voter roll template does not have fields for this. Could you please provide us with an updated template and advice as to how you want this information presented thanks.**
